Overview

ENGIE Services U.S. Inc, formerly, OpTerra Energy Services Inc is the nation's pioneer in helping organizations use energy to drive opportunity. ENGIE is the number one energy services provider in the world. We partner with forward-thinking communities, businesses, and institutions to realize potential beyond just energy efficiency, creating pragmatic solutions with wide-ranging, measurable benefits. For over 40 years, ENGIE U.S. has applied energy expertise to deliver comprehensive customized solutions that save money, generate revenue, improve assets, productivity and health and protect the environment. Our development team will audit your facility looking for efficiency and renewable opportunities, make recommendations and work closely with you to prioritize the measures that make sense for your facility. Our engineering team will design a customized solution tailored to your sustainability goals and other needs and objectives. Our project management team will work directly with your onsite team to install the project quickly and professionally while minimizing any disruptions to your facility.
