Overview

Sami's Circuit provides a no-prep-time K-6 social emotional learning enrichment program that supports the CASEL 5 Framework through a series of weekly, engaging, 20-minute videos and live virtual events. This revolutionary, interactive program requires no big binders or extra training for staff. Also included in the cost of the program are access to digital assets such as worksheets and a journal/activity workbook. Sami's Circuit also has 3 books available for purchase in hard copy, but digital downloads are provided with the cost of the program. This program can be used at both elementary schools and after school (out of school) sites. The program is year-long and runs in 3-year cycles (original videos each year for 3 years) but can be purchased by individual year.
