Overview

Superior Services R.S.H., Inc., "A Company of Roofing Professionals" established in 1975, has provided quality service and workmanship to thousands of satisfied clients. We are approved installers with most major roofing system manufacturers. However, we specialize in Energy Efficient Sustainable Roofing Systems, most notably Duro-Last Roofing Systems "The World's Best Roof". In addition, Superior is also recognized by Duro-Last as a Platinum Level Contractor, a distinction awarded to less than 3% of roofing contractors nationwide. GAF, North America's largest roofing manufacturer also recognizes Superior Services as a Master Roofing Contractor. We serve all of Michigan and the central United States. Superior has installed roofing systems across 10 States and Canada. Through continuous training and research, we seek to expand product lines and improve application methods. It is our mission to inform and advise our clients of the latest proven technological advances and techniques to provide longevity and cost effectiveness to their roofing system. We solve all of your roof problems. For immediate roof problems, we quickly dispatch professionally trained technicians to stop roof leaks. We accept emergency calls seven days a week, twenty-four hours a day. We provide a detailed analysis of your existing roof, including digital images, to identify the source of any problems and recommend proven methods to solve those problems. From temporary low-cost repairs, to the installation of a new roofing system, our recommendations will take into consideration your short term and long-range roofing goals. We ask that you consider Superior Services for your next roofing project. We are always priced competitively and we always provide the very best service and quality workmanship. Superior Services is more than just our name, it is our commitment to you.
