Overview

At Team North Texas, we are about relationships. Relationships with our clients, relationships with our staff, relationships with our suppliers, and all those we encounter. We consider this to be the most important part of our jobs. Since forming in 2000, we have made many relationships in many capacities. We do, however, consider ourselves specialists in three distinct areas, and consider ourselves among the best in commercial remodel. We are a unique General Contractor, with in house Carpentry, Plumbing, and Electrical teams, including an in-house Master electrician and plumber. This gives us unique opportunities to employ just one scope where needed, or employ all scopes where needed, usually at a better rate than our competitors.
