Overview

Horizon Software's technology solutions serve to automate and modernize school nutrition programs and K-12 online payments. This allows our customers to focus on what matters, serving students. Our software ensures compliance with government regulations, offers flexibility and program accountability, and provides meaningful data that can be used to make informed business decisions. From our point of sale and food service management software to our online payment system, we use the latest available tools to develop the functionality necessary to solve our customer's complex business needs, while prioritizing ease of use for frontline employees.
