Overview

Accelerate Learning Inc., in collaboration with Rice University, has developed the most widely used PreK-12 science curriculum in Texas—STEMscopes. It is now available nationwide, serving over 4.5 million students. STEMscopes is a digital science solution tailored for PreK through 12th-grade students, featuring three core curriculum programs: STEMscopes K-12, STEMscopes Math, and STEMscopes Early Explorer. Crafted by expert teachers and born from rigorous research, STEMscopes has consistently remained attuned to feedback, best practices, and the latest pedagogical advancements to create the most effective STEM curriculum.

Each curriculum is complemented by STEMcoach, a professional development portfolio that includes a vibrant STEM community, enabling teachers to exchange best practices and lessons while learning from field experts. The program also encompasses embedded professional development, on-site launches, advanced coaching, and mentoring sessions via our National Institute of STEM Education (NISE) program. Additionally, we offer degree plans through our university partnerships with the American College of Education.

STEMscopes, a digital solution catering to PreK-12 students, provides a comprehensive range of offerings, including STEMscopes K-12 science, STEMscopes Math, STEMscopes Early Explorer, DIVE-in Engineering (makerspace), STEMrangers Science Night, STEMscopes Coding, and STEMscopes Streaming. Moreover, we offer professional development, mentoring, coaching, advanced degree programs, and STEM teacher and campus certifications.
