Overview

For 50 years, we have prided ourselves on offering quality products designed for flexibility, simplified installation and affordability.

Our complete product line includes workstations, desks, benching, tables, floor to ceiling panel applications, storage and modern accessories. gen2 Office Furniture also offers more finish options than most major manufacturers.

We have always been committed to reducing waste by increasing product life cycles and keeping it out of landfills with our buy-back programs. We also utilize environmentally friendly manufacturing processes using water-based adhesives and powder coat paints. Our steel and aluminum components are also recyclable.
