Overview

FetchKids is the most comprehensive student dismissal app for schools that reduces pick up time and increases safety.

With FetchKids, you can streamline the dismissal process at your school to achieve greater efficiency and security.

FetchKids incorporates GPS technology, giving you advance notice of parents' arrival. Children can be ready to dismiss as soon as the parent is at the school. Parents are easily notified to pull up to the pickup point, so children can be dismissed more efficiently. School staff may also notify teachers to send children from the classroom to the pickup point, with the tap of one button.

FetchKids has been praised as the simplest, most user-friendly school dismissal tool available and it enjoys high rates of both school and parent satisfaction.
