Overview

<p>Designed to support initiatives and drive positive change for schools, educators, and students, Hoonuit’s solution supports all the data analytics and professional development needs of K-12 and higher education educators and administrators. Our analytics solution provides cross-domain visuals for data from all data sources, along with planning and intervention workflows. Furthermore, dashboards and tools can be public-facing to increase visibility and community support. Our PD solution provides 100,000+ hours of interactive lessons, along with our content creation toolkit; instant video transcription and translation; micro-credentials; personalized learning pathways; and advanced tracking and reporting.</p>
