Overview

UR TURN is a goal setting and progress-tracking app for middle/high school students and their families, as well as for school counselors and school staff responsible for career/college readiness. The app plugs into student information systems and personalizes data into a "FitBit" like dashboard to keep track of progress toward high school graduation, Career Pathways, college eligibility (2 year and 4 year). Nudges and alerts are pushed out through text and email if students are missing credits or missing 5%-10% of school (which puts them at risk of failing courses). A colorful dashboard mobile interface allows students to set and change goals all throughout middle and high school. School personnel can track the hundreds of students in their school with a highly interactive dashboard customized to the schools' specifications.
