Overview

Andrews Technology provides leading edge time & attendance solutions to customers from 50 employees to 50,000 employees. Our offices are located in Texas, New York, Connecticut, New Jersey, Pennsylvania, Virginia, North Carolina, Florida, Arizona and California. We exclusively represent the UKG Ready Time & Attendance System. UKG Ready tracks employee time, attendance and projects accurately while helping to control labor costs, minimize compliance risks and increase productivity. UKG Ready supports a variety of time clock options including desktops, time clocks, mobile apps, IVR systems, and features a number of innovative self-service tools that can be customized to fit any business or organization. In addition to the base functions, UKG Ready provides an Advanced Scheduling System for the complex needs of Public Safety, FMLA Case Tracking Module, Advance Reporting options and a powerful Analytics engine. Additionally, UKG Ready can be integrated with over 400 payroll and HR solution providers. Andrews Technology is qualified to provide the highest levels of service. Our company has been rated #1 out of all time and attendance companies in regards to customer satisfaction. Consistently, the company has received a customer satisfaction rating of over 98%; this evaluation has been provided by an external rating agency. Andrews Technology is known for providing the highest levels of training in the industry. The company is extremely confident that its customers will be satisfied with its training program; In fact, Andrews Technology provides unlimited training at no additional charge. We provide customers with unlimited on-site and/or web training. This ensures that customer's key personnel will be comfortable with the software before going live. The additional training will be provided at no charge. Regarding data collection, if you prefer Badge, Fingerprint, Facial Recognition, PC Entry, PDA or Phone Entry, etc., Andrews Technology will successfully install the technology of your choice as soon as you require.
