Overview

Clear Touch® has turned heads in the tech industry since its founding in 2012. We are a forward-thinking, innovation-minded technology provider that is consistently recognized as one of the fastest-growing companies in the United States. We pride ourselves on providing reliable products and services, industry-leading educational software, seamless support and communication, and professional development opportunities.

Clear Touch is 100% American owned and operated. We take immense pride in the quality and reliability of our products and services. We always seek to innovate and evolve our field. We believe in the power of human connection. Our design philosophy centers around a universal design for learning framework. We engineer our products to serve the needs of any student, space, or situation. Our catalog is diverse as it is specific, ensuring that there is something for everyone. From the classroom to the board room, and professional spaces in between, we work with each other and with our customers to achieve that goal.

Our words are more than just that. We have tangible evidence to back our claims, starting with an outstanding growth rate of over 495% and less than a 1% DOA rate with our products. Clear Touch also holds a top 5 market share in Interactive Flat Panels in US, and #7 Global. These figures demonstrate the competency of our products and the commitment of our team.

Commitment is key with Clear Touch. We believe in the power of people and actively look to build long lasting relationships with our customers. As cited in multiple of our customer case studies, Clear Touch maintains a current 98% Support Line Answer Rate and a 97% positive customer feedback rating.

Clear Touch believes in good business. We don't simply leave you hanging after your Clear Touch purchase. We want to help you maximize your investment by offering a wealth of educational resources, workshops, training, and webinars led by our team of former educators.

listening to the needs of our customers and adapting our methods to support them. Every classroom or workspace seeks to improve, we are here for just that. Our products and services are a step into the future of education and digital collaboration.
