Overview

Kairos Defense Group is a training company specializing in firearms training, active shooter training, gear procurement. We also advise businesses, school districts, and churches when it comes to allowing members or employees to carry firearms on the premises. We will help School Districts with steps to take so that they can allow their employees to carry responsibly using the Texas School Safety Officer Certification Program. We have developed a solution with a turn key approach to implementing the authorization of designated people to carry. We consist of state certified firearms instructors, law enforcement officers, military veterans and private sector business leaders. We have developed strategic relationships with Texas companies to provide products to our end users. This includes but is not limited to Firearms, Optics, Ammunition, Training Products, Holsters, Firearms Accessories, etc. We use cutting edge training technology like LaserShot simulation software and Ultimate Training Munitions to prepare our clients.
